- (1) A person who at the time of their application also holds dual ROC nationality shall have never had household registration in Taiwan.
- (2) A person who before the time of their application also held dual ROC nationality but no longer does at the time of their application shall have renounced their ROC nationality with the approval of the Ministry of the Interior on a date at least eight full years before making their application.
- (3) A person referred to in either of the preceding two subparagraphs shall also meet the criteria set out in the provisions of Subparagraph 1 and Subparagraph 2 of the previous paragraph.

A foreign national who has been selected by a foreign government, organization, or educational institution to study in Taiwan in accordance with an education cooperation agreement, and who has never had household registration in Taiwan may be given exemption from the restrictions set out in the two preceding paragraphs if the competent authority gives approval. The periods of six years and eight years referred to in Paragraph 2 shall be calculated using the starting date of the semester (February 1, or August 1) as the end date of the period.

The term “overseas” used in Paragraph 2 refers to countries or regions other than the Mainland Area, Hong Kong, and Macau; the term “reside overseas continuously” means that an international student has stayed in Taiwan for no more than a total of 120 days in each calendar year. When calculating the number of consecutive years spent overseas, if the initial or final year of the period is not a complete calendar year, any time spent in Taiwan in the initial or final year must not exceed 120 days. However, time that a person has spent in Taiwan is not subject to this restriction and it is not counted when calculating how long they were in Taiwan in a particular year if the person has documentary proof that they :

1. Attended an overseas youth training course organized by the Overseas Compatriot Affairs Council or a technical professional training program accredited by the Ministry of Education;
2. Spent a total period of less than two years undertaking Mandarin language classes at a Mandarin language center at a university or tertiary college which has Ministry of Education approval to recruit students overseas;
3. Spent a total period of less than two years in Taiwan as an exchange student; or
4. Spent a total period of less than two years undertaking an internship that they came to Taiwan to undertake with the approval of the designated central competent authority.

A person who held both foreign nationality and ROC nationality and applied for annulment of their ROC nationality before the date of effect of the February 1, 2011 amendment to these Regulations may apply for admission as an international student in accordance with the provisions in place before the amendment and is not subject to the restrictions set out in Paragraph 2. In these Regulations a person to whom any of the circumstances set out in Article 2 of the Nationality Act apply is deemed to have ROC nationality.

| <p>1. The registration date, class (starting) date, and semester calculations in the table shall follow the calendar officially announced by each school. If the school doesn't specify a registration date, the deadline for registration and payment shall serve as the registration date.</p> <p>2. For students applying for suspension or automatic withdrawal, the suspension or withdrawal date is determined by when the student (or parent) formally submits the application to the school's office. In the case of ordered withdrawal, it follows the school's notice of withdrawal delivery date. However, for those who remain in school due to an application (appeal) for withdrawal, the actual date of leaving school becomes the calculation base date.</p> <p>3. Students suspending or withdrawing from school must complete the school-leaving procedures within the school's specified time limit. If delays occur due to factors attributed to the student, the actual school-leaving date is used as the calculation base date.</p> <p>4.
